

Welcome to Ecosystem-based Management

An in-development ecosystem-based management community project

Quick Start

- [Create an account](#): Creating an account will allow you to access in-depth information, comment on existing projects and studies, and allow you to add your own content.
- Adding content is easy: The document editor [Kupu](#) allows easy, rich content generation. Have a Microsoft Word document you'd like to add? Just paste it into the editor window and Kupu will take care of the rest.
- Have some interesting data? Some hard to find grey literature relevant to EBM? Upload it, and share it with the world. We can help you make maps displaying your data, and even [export your data to Google Earth](#).

Need Help?

- If you need any assistance, feel free to [contact us](#).
- Noticed a bug or issue? [Let us know](#).
